

QUALITY AND ENVIRONMENTAL POLICY

BLACK BULL LOGISTICS, SL's (hereinafter referred to as **BLACK BULL GROUP**) mission is to be the intermediary Logistic Service Management for the defense industry, both military and civil, offering an exclusive dedication and a 24/7 customer service.

We want to be recognized as the best choice for the intermediation of logistic services at national and international levels, adapting to the real needs of every organization and guided always by values such as customer orientation, excellence, security, confidentiality, trust, independence and methodological accuracy.

For this reason, we develop, maintain and enhance an integral management system (quality + environmental management) based on the following principles:

- ✔ Guarantee the achievement of our customers' requirements through the price optimization, the accomplishment of delivery terms and ensuring the quality and capability requirements towards a high satisfaction level.
- ✔ Responsibly and respectfully comply with all laws and regulations applicable to our activities, as well as any other requirement subscribed by **BLACK BULL GROUP**.
- ✔ Protect the environment, prevent and reduce pollution by minimizing to the maximum extent the negative environmental effects our activity may generate, develop initiatives that increase the environmental responsibility and promote environmentally respectful technologies.
- ✔ Constantly improve our performance as organization, as well as the effectiveness of our Integrated Management System.

Therefore, in **BLACK BULL GROUP** we commit to:

- ✔ Communicate and extend the good quality and environmental practices among all people working for or on behalf of this company.
- ✔ Develop a training program so all company's personnel is aware and instructed about quality and environmental matters.
- ✔ Establish, review and maintain the quality and environmental objectives that allow to measure the compliance and adequacy levels with the Company's requirements.

This policy is spread and assumed by all **BLACK BULL GROUP** employees and collaborators, who are aware of their responsibility and the relevance of their involvement in reaching the planned objectives. Likewise, this policy is reviewed to ensure its suitability to the nature, scale and impact of our activities and to provide the reference framework to establish and review the objectives of our organization.
